Superintendent News

It was an interesting 2016, going into Minnesota record books as the wettest year in history. That was evident to me as the Superintendent. In 2016 we concentrated on improving the first impression when arriving at Falcon Ridge. We dressed up the entrance and the clubhouse area with flowers and ornamental grasses, and improved the look of the parking area along the front row. We hope you enjoyed the improvements.

You may be happy to hear that one of my winter projects is to replace the seat covers on the carts. The elements had taken a toll on them this past year and it was a priority project for us this winter.

My plans for the 2017 season are to continue improving the contouring and play-ability on the back 9, and to build a couple more tee boxes.

Happy New Year!
